PROJECTS

Recipe Project: https://projectsheroku-recipes-6db00650a597.herokuapp.com/
Auction Project: https://projectsheroku46cc8d3cc4e6.herokuapp.com/

- Developed dynamic online auction and recipe platforms using Django, demonstrating expertise in web application development, including user authentication, database management, and MVC architecture.
- Implemented user-specific features such as bidding, watchlist, and commenting, showcasing proficiency in handling user interactions and session management.
- Utilized responsive web design principles for improved user experience and employed error handling techniques to ensure data integrity and a user-friendly interface.
